PROFESSIONAL SUMMARY

Analytical Restaurant Inventory and Cost Control Supervisor with 6 years of experience overseeing food and beverage stock management, cost monitoring, and supplier delivery verification for multi-outlet restaurant operations. Proven ability to reconcile inventory records, identify variance root causes, and reduce food and beverage cost percentage through disciplined counting procedures and waste tracking. Works closely with kitchen, purchasing, and restaurant management teams to keep cost reporting accurate, timely, and audit-ready.

CORE SKILLS

Restaurant Inventory Control • Food & Beverage Cost Monitoring • Stock Reconciliation & Variance Analysis • Perpetual & Physical Inventory Counting • Waste & Spoilage Tracking • Supplier Delivery Verification • Purchase Order Documentation • Cost Reporting & Variance Analysis • MarketMan / Materials Control Software • Microsoft Excel (Advanced Formulas) • Basic Cost Accounting • Cross-Functional Team Coordination

WORK EXPERIENCE

Restaurant Inventory and Cost Control Supervisor January 2023 – Present
Bahia Grille Restaurant Group — Antipolo City, Philippines

- Supervise monthly and weekly inventory counts across 3 restaurant outlets, reconciling over 400 SKUs against perpetual inventory records.
- Monitor daily food and beverage cost percentages, flagging variances above 2% for kitchen and bar management review.
- Verify supplier deliveries against purchase orders and invoices, identifying short deliveries and pricing discrepancies before payment processing.
- Reduced average monthly inventory discrepancy rate from 4.1% to 1.6% through tightened counting procedures and staff retraining.
- Prepare weekly cost and waste reports for the Operations Manager, supporting menu pricing and portion-control decisions.
- Coordinate with kitchen supervisors to track spoilage and waste logs, contributing to a 15% reduction in recorded food waste.

Food and Beverage Cost Control Assistant April 2020 – December 2022
Café Verano Manila — Quezon City, Philippines

- Conducted weekly stock counts for dry goods, beverage, and perishable inventory across two outlets.
- Assisted in preparing daily cost of sales reports and month-end inventory valuation summaries.
- Cross-checked supplier delivery receipts against purchase requests to confirm quantity and price accuracy.
- Maintained inventory tracking spreadsheets, improving reporting turnaround time by two business days.

Inventory Control Officer June 2018 – March 2020
Golden Wok Restaurant Chain — Marikina City, Philippines

- Logged incoming and outgoing stock movements in the restaurant's inventory management system.
- Assisted in monthly stock-taking and reconciliation with the accounting department.
- Flagged near-expiry items to reduce spoilage-related losses.

EDUCATION

Bachelor of Science in Business Administration, Major in Operations Management — University of Rizal System, Antipolo City (2018)
