MARK ANTHONY DELA CRUZ

Hotel Maintenance Technician

Dependable hotel maintenance technician with 5 years of experience supporting property operations across guestrooms, public areas, and back-of-house facilities. Skilled in preventive maintenance scheduling, basic electrical and plumbing repair, and rapid response to guest-impacting issues. Comfortable coordinating with housekeeping, front office, and engineering teams to keep the property running safely and comfortably. Known for a methodical, safety-first approach and consistent follow-through on work orders.

WORK EXPERIENCE

Hotel Maintenance Technician

Bayleaf Grand Hotel — Quezon City, Philippines

- Perform daily preventive maintenance rounds across 180 guestrooms and public areas, completing over 95% of scheduled tasks on time.
- Respond to guest-reported maintenance issues within an average of 20 minutes, minimizing disruption to guest stays.
- Carry out basic electrical repairs including outlet, lighting, and switch troubleshooting under property safety protocols.
- Perform minor plumbing repairs such as fixing leaks, unclogging drains, and replacing fixtures in guestrooms and restrooms.
- Assist with HVAC filter changes and routine unit checks to maintain guest comfort and equipment efficiency.
- Maintain accurate logs of completed work orders and parts used, supporting the engineering department's inventory tracking.

Building Maintenance Staff

Willow Creek Resort — Quezon City, Philippines

- Supported the chief engineer in preventive maintenance programs for guest facilities, kitchen equipment, and laundry systems.
- Reduced equipment downtime by promptly flagging and escalating recurring mechanical issues for repair.
- Conducted routine safety inspections of fire extinguishers, emergency lighting, and exit signage.
- Assisted contractors during major repairs and equipment installations, ensuring work met property standards.

Facilities Assistant

Marigold Suites — Quezon City, Philippines

- Assisted the maintenance team with general repairs, painting touch-ups, and furniture upkeep across the property.
- Helped maintain an organized inventory of maintenance tools, spare parts, and supplies.

EDUCATION

Technical-Vocational Diploma in Electrical Installation and Maintenance

Quezon City Polytechnic Institute — Quezon City, Philippines | Graduated 2018
